LED Porcelain Light Bulb Siro 6W 540Lm E27 2700K Dimmable

Product short description:

Unconventional finish for this light bulb with special shape: its surface is white and smooth just like porcelain. This precious result is obtained after a double satin treatment that involves both the outer and the inner surfaces. The Siro light bulb is so beautiful that we suggest you keeping it in plain sight, e.g. on a wall lamp, or create original light installations by combining it with other bulbs from the porcelain range available in our catalogue, mixing different shapes and sizes.

Warning: To dim LED bulbs we strongly recommend using the latest generation of universal dimmer available on our website as either wall or inline options.

Product description:

Light bulb type LED
Shape: Siro
Fitting: E27
Diameter: 143 mm
Height: 170 mm
Volt: 220/240
Watt: 6W
Energy class: F
Colour temperature: 2700 K
Lumen: 540 Lm
Adjustment: dimmable

Our bulbs with straight filament can work with all DIMMERS (TRIAC or IGBT), while for curved filament bulbs, IGBT

dimming is highly recommended.

For the choice of the dimmer: in addition to the maximum power of the user, the minimum power must also be considered, because when the regulated power is lower than the minimum rating, the user can "flicker" and / or be damaged
